

Hospital [disposable nonwoven bed sheet factory China](#) medical underpad absorption blue bed pad for adult and baby

Product Description

Waterproof, non-skid blue backing

Sealed on all four sides to prevent leakage

Underpads with polymer offer extra absorbency and protection

For moderate absorbency needs.

Advantages

(1) High temperature disinfection, can be used directly

(2) Super absorption. Rapid absorption liquid, Keep the surface layer dry for a long time, making the skin more comfortable

(3) Super size. Perfect package to prevent side leakage, Rest assured to use, relaxed rest

Note: We provide:weight, absorbency, and packing design.

Material:

(1) First layer: Non-woven fiber, natural soft and breathable.

(2) Second layer:fluff pulp + super absorbent polymer+ classic tissue.

(3) Breathable PE film with cloth like back Non woven or casting film.

Benefits of Disposable underpads. Used often along with an absorbent undergarment of some kind, disposable bed pads are useful in managing adult urinary incontinence by preventing wetness from penetrating through a mattress or box spring (which permanently stains the fabric
